That's right.
Our techniques aren't getting through to Genga.
Shishileo's master.
But it's possible with this blade.
It defiles the user's nerves, burns them off.
and controls the user at will.
It is a forbidden blade that will bring you extreme severity.
but to wield it.
But we have no choice
The poison pollution blade?

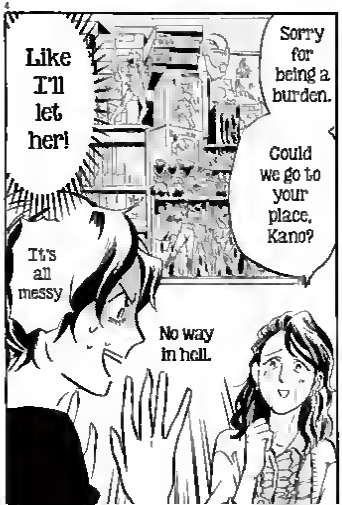
第9話 Chapter 9:
Shishileo vs. General Genga

LEVON

I don't come here too much, so I thought I'd take the chance to see you.
It's been a while, Mom... did somethin' come up...?

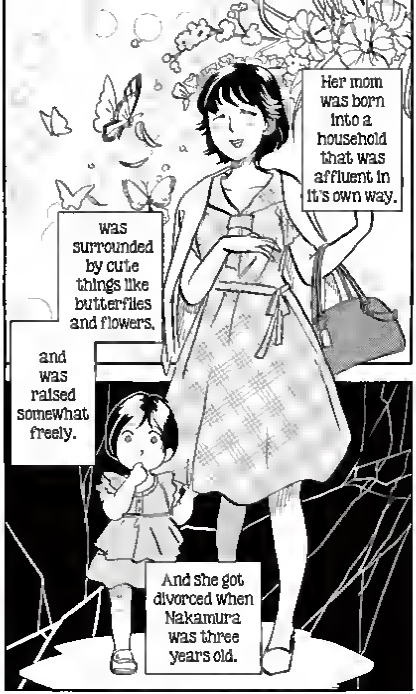


Like I'll let her!
Sorry for being a burden.
Could we go to your place, Kano?
It's all messy
No way in hell.

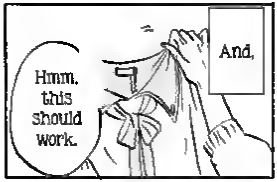
Kano!
Here, here!

Oh, Kano!
Don'tcha think this would look good on you?
Yes.
Mom, unlike Nakamura,
loves what we call 'really, really girly' things.
Readers,
I think you noticed this,
More importantly, how's your big bro?
He's fine, he ain't here though.
but Mom doesn't know that Nakamura went back to being a 'TokuOta'.
Oh my.

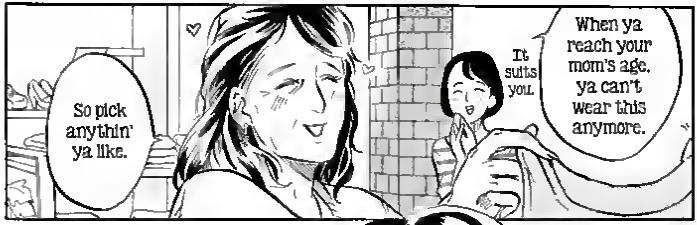
Mom's gonna get ta work now.
She gave up her fashion and her sorties.
So just get going already
Aaahhh
She raised her two kids all by herself.



Her mom was born into a household that was affluent in it's own way.
was surrounded by cute things like butterflies and flowers.
and was raised somewhat freely.
And she got divorced when Nakamura was three years old.



And,
Hmm. this should work.



When ya reach your mom's age. ya can't wear this anymore.
It suits you.
So pick anythin' ya like.

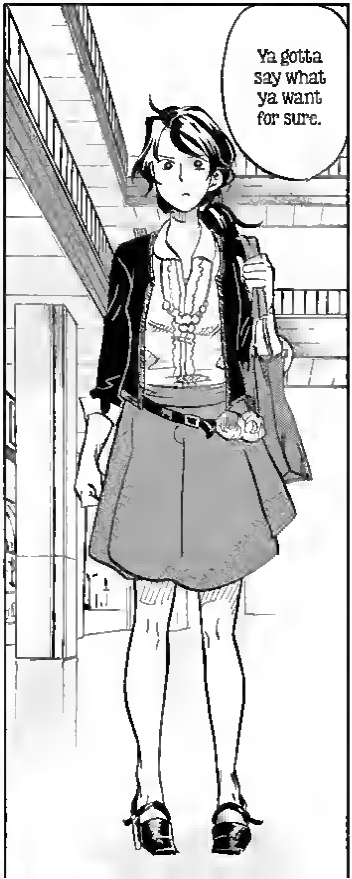
giving things to her daughter while holding herself back.
You're saying too much to the attendant.
You're so cute-
She undoubtedly believes that love is

Adults have freedom, right?
I'm setting a bad example for Damian and the little girl by being a yes man
Keep going!
But hey Nakamura, you're already an adult...
Uh, I
like clothes with a little darker.
Ya oughta get some showy clothes while you're still young.
Besides,
What-cha sayin' there?
Be like a proper girl and think about marriage now.
When you're past 30, ya won't be getting decent men no more.
You're already 26, right?
ズ
The result was that she became a controlling figure
and detested Nakamura's fondness for Tokusatsu.
This again! Can you not think about this embarrassin' stuff?
Everyone's gonna laugh at ya, so knock it off!
It's so scary when she goes 180...
She was like a raging fire...

I put in effort in one spot.
Now take your time.
And she pulled out another trump card!
She's like General Genga.
An immortal man who resurrects every time.
and remembers your technique and makes it stronger while he's fighting.
Grimson slash!
Grimson slash!
Damn it... after her divorce, she's been having illusions about 'good marriage'.
Missing your chance
Can you go on with your salary?
Grand kids
Dying alone
And now the trump cards are slowly increasing...

If I push this fight forward it'll gradually get more disadvantageous for me.
Uh, miss, are you alright...?
I'm fine...
There's no other way...
Okay
Thank you very much!
It's now time for me to wield the poison pollution blade as well.
Hmm... I'm fine though.
I got lots of clothes at home...
How'd it go?
Your ma's gonna buy it for you.

Then let's go look around for bags.
You're quite reserved after all, Kano.



Ya gotta say what ya want for sure.

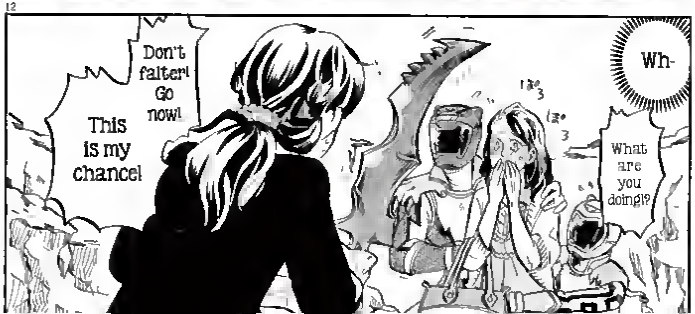
Mom please!
Just once, please, please
Nooo
I wadda see it.
I
Kano-
You wanted a bag right?
It's so cute-
did say it.

Mom, you were only listening to
what you thought was good.

Have ya ever thought there's a reason I don't go back very often?
Mom.
I can beat her.
Don't waver.
Now, Shishileo!
I'm tired of ya not listenin' to me.
I have the same amount of intelligence now.
This isn't an opponent I can't defeat.
Do you not remember me crying and pleading?
End it!
I'm the one who's strong.
Actually now.

I'm really a

12



Don't falter! Go now!
This is my chance!
Wh-
What are you doing!?

End it!!
He'll counter attack!
Wha-
I wanted to see you after a long time,
Why are you telling me this?
Are you telling me you 'really' hate your mom?
Eek
Geh
Mom was telling you this for your sake, Kano.
Did you wanna say that your mom was wrong?
No way.
Your mom did her best for you and your brother.
13
Was mom in the wrong?
People,
She's making her feebleness a weapon!

How naïve.
So now...
You think you can beat me?

I'll use your naïvity,
and hold you down!
SFX: Guaahhh

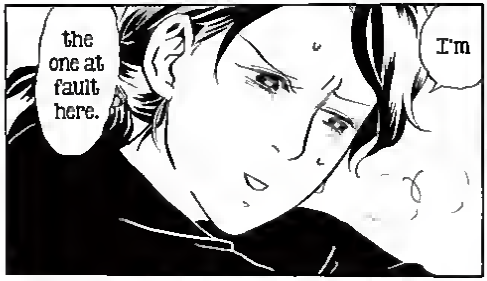
Then what the heck.
'For [illegible] sake, Kano'

How the heck can I win this...



It's fine.
It's been this way for a while, so let's go look around some more.
Ahh.
So sorry for bothering ya.
Sniff
Sniff
Mom also came for ya when you were busy...
No... I'm sorry...

A losing battle
Thanks... for buying me all this...
So it does fit you.
It's fine.
Ah, oh yeah.
Kano.
ya got a spare key now?
I feel you had one before.
When I see you next time I wanna see your room.
Next time...
Next time we meet.
Shi-shi-leo.
Will you end me with your poison pollution blade?
Or will I end your life.
Let us see.

I can't win if I don't have preparation to cut this person down-
No mercy.
—'kay then. Take it.
comes to a close, with Nakamura's total defeat.
I'll come by again. Bye
And so the fight

No. I won't run. I just have to take temporary defensive measures.
If replacing the lock many times will work...
I wonder
When-ever the next fight comes.
She will prepare for it.
